

Worship forms the heart of our church community. Its weekly pulse calls us of all ages to sing, pray, read Scripture and to speak and share the hope that is ours as children of God. In worship we seek to give God glory, to deepen our faith, to find common and welcome space with one another and to be encouraged to share the peace of Jesus Christ in our homes, places of work and in our community. Worship at Breslau invites and encourages our transformation as we celebrate our unique place within our community and world.

Breslau Mennonite Church worship is online. However when it is safe to do so, we hope to worship in-person indoors and outdoors during the summer season.

### **Consider the Trees in the Bible**

In our summer Sunday worship, we are encouraged to consider trees in the Bible. It may surprise us to learn about the variety of trees mentioned in scripture. The lessons trees offer, and the stories told under or near a tree. Trees have a significant role in the biblical account: blessing and promise, comfort and challenge, healing and hope.
